The Honorable Jefferson B. Sessions III
Attorney General of the United States
The United States Department of Justice
950 Pennsylvania Avenue, NW
Washington, D.C. 20530-0001

Dear Mr. Attorney General:

We the undersigned write to urge you to adopt Senator Lindsey Graham's call for the appointment of a special prosecutor to investigate the possibility the U.S. counter-intelligence apparatus may have involved itself in the last Presidential election by spying on one of the two nominees for president.

The integrity of our counter-intelligence apparatus and our elections are already profoundly at risk because of what has already been disclosed to the public. Even the suggestion our national security's counter-intelligence capability was manipulated as the result of opposition research activities paid for by the Hillary Clinton for President campaign and/or by the Democratic National Committee and was deployed against domestic political figures must be investigated to the fullest extent possible.

It is only by careful inquiry conducted by an independent and impartial investigation that the American people's confidence can be restored in our electoral process and the nation's counter-intelligence organizations. Anything less will continue to cast doubt that will hang over the nation like a cloud for the foreseeable future.

Sincerely,
